Welcome to the Planning Commission meeting. The Commission is responsible for reviewing and taking action on various types of land development applications including subdivisions, multifamily residential projects, and final development plans. In addition, the Commission makes recommendations to City Council on planning-related studies, the Comprehensive Plan, and proposed zoning ordinance and map amendments (“re-zonings”). The Commission usually meets the third Thursday of each month, and as needed for special-called meetings. For your convenience and to help you follow along with the meeting, an overview of the meeting procedure is provided below. Please take a moment to familiarize yourself with the process and locate the item(s) of interest to you on the agenda.

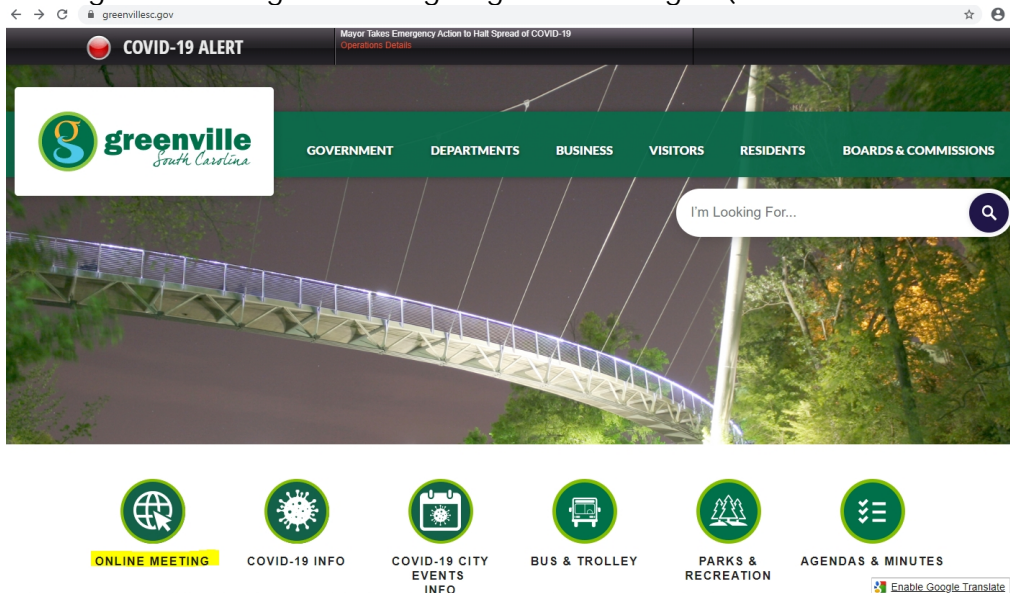

Public hearing rules and procedures:

- For each item, the Commission will first hear the staff report and a presentation from the applicant.
- After the staff and applicant presentations, the chairperson will open the public hearing for that item. Comments in favor of the application are heard first, followed by those opposed. Any member of the public wishing to comment has **3 minutes** to do so. ****Please review below ['Procedure for Public Comment'](#)****
- After all comments are offered, the chairperson will close the public hearing for that item. Once closed, no additional public comments will be heard.
- After the public hearing portion, the Commissioners will deliberate amongst themselves. A decision will usually be rendered at this meeting; however, the item may be deferred to provide additional time to revise the application, provide supplemental information, etc.
